

## X-Wife's Private Facts

X-Wife is MAD. She's been humiliated publicly, and has seen her husband run off with Britney, whom she considers a tramp.

Because X-Wife doesn't have a reliable income and has little savings, she wants money. Adnan has seen his income rise dramatically, and she wants in. Currently X-Wife is receiving a small spousal support amount from Adnan. X-Wife has asked you, her attorney, to get as much of it as you can because of Adnan's increase in monetary status. X-Wife wants you to use leverage in these negotiations to get her more...a lot more.

X-Wife doesn't want a confidentiality agreement if she can help it. Why? She heard Extra pays 100,000 for exclusive interviews. What a time to cash in, while getting her face in the spotlight! She's always had an interest in acting, and the ensuing fallout might get her a new... leading man.

X-Wife suspects that Britney is pregnant, but doesn't know for sure. X-Wife has damning evidence about Adnan's failure to perform below the waist but she is wary to go public with this information because she hopes to use it as leverage to get more money from Britney and Adnan.

X-Wife's supposed sex tape is scratchy and blurry, and you suspect it's about as authentic as Fox's Alien autopsy. No one but you and X-Wife have seen the contents, but you suspect that it won't pass muster if it's released, as the girl on the tape never shows her face clearly, and doesn't speak audibly. You may be able to trade value for the tape back to Adnan or Britney since they don't know the tape is such bad quality. Trying to sell the tape to National Enquirer may backfire if it turns out to be a fraud.
